

THE TECHNICAL PEOPLE LEADER

Nothing is more exciting for individual contributors than to receive their first leadership position. It can also be a very challenging transition, even more so if the new leader is a technology professional. Excellent technical expertise is often what propels them into a leader role, but how are they developing their leadership capabilities? The promise of this program is in transforming the lone wolf technologist into the leader of the pack.

PROGRAM OVERVIEW

- **Accelerating Team Leadership©**

An engaging six or twelve month program that kicks off with a three hour work workshop targeting peer team leaders within the organization. Throuout the term of this program, the technical expert is transformed into a people leader versed in speaking the language of the business.

Twelve 2-Hr virtual workshop discussions are held across a year allowing for a flexible format targeting key leadership skills. The program kick off can optionally be conducted on site as a day long team building exercise.

- **Bonus: Individual Leadership Coaching**

Every participant has access to three or six hours of individual coaching throughout the life of the program.
