Allyson Stuart

IT EXECUTIVE ADVISOR

Allyson brings a unique blend of experience as both a successful Technology and Talent Development Executive. With over 35 years' background as a Chief Quality Officer, Technology Risk Regulatory Officer, and Head of People Programs, she earned 23 international awards for her work in Technology innovation, Organizational transformation, Diversity & Inclusion and Employee engagement. As a Technology Executive, Allyson has been instrumental in building small to large-scale Technology functions from ground-up in the Financial, Medical and Hi-tech Industries where she often helped firms achieve 95M+ in cost efficiencies and annualized saves. As a champion of people, Allyson has coached over 150+ Leaders and Teams and implemented various Diversity & Inclusion forums, Global Mentoring and Employee Connect programs, as well as Veteran and Graduate programs. With certifications in Leadership and Training from the Harvard Business School, INSEAD and AMA, Her fulfillment truly comes from helping others find their courage and have the career they want and helping teams evolve into role models for cohesiveness and delivery.

Representative Experience and Areas of Expertise

Companies - Refinitiv, Deutsche Bank, UBS, Credit-Suisse, Merrill Lynch, Genpact, Dow Jones, Data Dynamics, PCN, Penton

Technology – IT Strategy Planning, Workforce & Cost Optimization, IT Risk Management, Quality Engineering, Change, Problem & Incident Management, Information Security, Vendor Management, Program Management
